What is the Financial Advice process?

InterPrac Financial Planning recommends your Adviser follows a step-by-step process in meeting with you.

Step 1: Introduce our services and provide you with a Financial Services Guide (Part 1) and Adviser Profile (Part 2).

Step 2: Gather information to assist in identifying your goals and any potential financial issues.

Step 3: Prepare and present you a Financial Plan.

Step 4: Once you authorise the "Authority to Proceed", your Adviser implements your Financial Plan.

Step 5: Discuss an ongoing service and review programme with you.

These steps will occur over a number of meetings, in line with your needs.

What can I Expect?

Your Adviser is committed to providing quality financial advice and a choice of products and/or services to suit your circumstances. Whilst we are licensed to provide a range of services, we are also obliged under law to have a reasonable basis and to act in your best interests when providing financial advice, addressing your needs and the solutions you want us to assist you with. We will not compromise on our advice and take this responsibility very seriously.

In order to achieve this, your Adviser will need to determine your needs, objectives and relevant financial circumstances before providing advice, products and/or services to you. You will be asked to provide accurate information and to keep your adviser updated on any changes to your circumstances to ensure the advice provided and products recommended remains relevant to your personal situation.

You have the right not to divulge any information should you wish not to do so. However, in such cases, your adviser will warn you about the possible consequences of not providing relevant personal and financial information and how this may impact the quality and reliability of the advice provided.

Additionally, your adviser may also decline to provide advice if they feel they cannot do so adequately with the information provided.

Before providing any financial products and/or services to you, we are also required to verify your identity in accordance with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006. Your adviser will let you know what documentation is needed to meet

these customer identification requirements.

Subject to its appropriateness for you, any product recommended to you by your Adviser must be included on InterPrac Financial Planning's Approved Products List. This list is constructed and maintained by the InterPrac Financial Planning Investment Committee, using ratings and reports from leading research groups.

The purpose of the list is to ensure that:

- Recommended product providers have the necessary skills, resources and experience to achieve their stated investment objectives and
- Our Advisers have a broad range of researched products to select from in meeting the diverse needs of their clients.

In instances where your Adviser may need to consider products outside the Approved Products List, they may apply to InterPrac Financial Planning for special consideration.

To ensure that you remain on track to meet your short to long-term needs and objectives, it is vital to periodically review your financial advice, products and/or services based on your needs, objectives and circumstances to be sure they remain relevant. Your adviser may offer and recommend an annual comprehensive personal review service. This service updates the advice in line with your needs and implements any changes which you have agreed upon. A fee may be charged for the ongoing advice and management of your financial affairs. Your adviser will provide you with details of any such fees applicable to you in your Adviser Profile.

Does everything need to be in Writing?

Your adviser may accept instructions from you via phone, letter, email or fax. In some instances, your adviser can only accept written instructions from you, and they will let you know when this happens.

Your adviser is required to maintain a paper or electronic record of your personal information, including details of your relevant personal circumstances. Your adviser is also required to maintain records of documentation for any financial advice given to you in the course of taking instructions from you, as well as any documents containing advice they have provided you. Please see our **Privacy Policy** regarding the care of this information.

What Financial Advice Documents can I expect?

In providing you financial advice, these are some of the documents you may receive from your adviser:

Statement of Advice
Record of Advice
Fee Disclosure Statement

When you are provided with personal advice that takes into account your needs, objectives and relevant financial circumstances, you will receive a **Statement of Advice**. The Statement of Advice sets out the specific advice given to you, including any recommendations about particular financial products and services, and the basis on which those recommendations are made. The Statement of Advice also provides information on the amount of any commissions and other fees payable in respect of financial products recommended to you in connection with this advice.

Under certain circumstances your financial adviser may provide you with a **Record of Advice**, rather than a Statement of Advice. A Record of Advice performs a similar function to a Statement of Advice, but is typically a shorter, more informal document.

Where an ongoing advice fee is charged by your adviser, a **Fee Disclosure Statement** may be provided annually. The Fee Disclosure Statement contains services promised to be provided, services received, and services paid for.

Should you misplace your documentation, you may request in writing, a copy of any advice document you received, up to seven years after the advice has been given. Please refer to the **Privacy Policy – Access to Personal Information** for details on requesting a copy of your documentation.

What Fees & Charges can I expect?

InterPrac Financial Planning prefers our Advisers are paid on a fee for service basis. In some instances, insurance providers and fund managers may pay brokerage or commission. Depending on the provider, all fees and commissions are paid directly to InterPrac Financial Planning on a fortnightly, monthly or quarterly basis. InterPrac Financial Planning retains a portion of the fees and commissions income generated by each Adviser. InterPrac then pay the balance of the fee and commission income to your Adviser on a fortnightly basis.

Please refer to the Adviser Profile - Part 2 which sets out the specific details of payments to your Adviser and/or any third parties, and the fees you may be charged.

InterPrac Financial Planning receives payments or benefits from certain product providers in return for granting opportunities to participate in events such as Professional Development days. These payments are only to offset the cost of providing education and training for our advisers.

InterPrac Financial Planning from time to time receives marketing allowances from Diversa, Hub 24 (Investor 1st) and NetWealth. Please note that these allowances are not an additional cost to the client, they are paid directly by the product provider to offset costs incurred by InterPrac Financial Planning.

InterPrac Financial Planning and its Advisers are prohibited from accepting gifts or inducements over \$300. Any benefit given to InterPrac Financial Planning less than \$300 will be recorded in a Gifts Register. A copy of your adviser's and InterPrac Financial Planning's registers are available on request. If you wish to inspect either register, please contact your adviser or our Head Office.

Referral Fees

InterPrac Financial Planning and its Advisers work closely with many professional people and organisations such as accountants and solicitors. Where referrals are received from these sources, a referral fee may be paid. Please note, referral fees are not a separate charge to you, they are paid from the fees received by InterPrac Financial Planning.
